ACCLERATED READER INFORMATION

Attention Students: The final day for AR testing will be on Friday, June 2nd. For those students who do not have AR goals met by May 30th, they may check out one library book on that day to help them meet their goal. However, ALL library books MUST be returned to the school office by FRIDAY, JUNE 2nd! Only students who still need to meet AR goals will be all allowed to check out on May 30th. We are asking all other students to have books returned by May 30th.

PLEASE JOIN US FOR OUR CLOSING WORSHIP SERVICE ON JUNE 7TH.

We will plan to meet in church for a close-of-the-year worship service next Wednesday, June 7th at 9:30 a.m. We'll raise our praises to our great Lord God. There will be a small program immediately following to recognize many individual achievements and to bid farewell to our 8th graders. Parents and other family members are warmly invited to join us. School will be dismissed at the close of chapel service, approximately 11:00 a.m.

LOST and FOUND

We have set a table of lost and found outside the school office. Parents please stop in and take a moment to take a look and collect anything that your child may have left behind. Items not claimed with a reasonable amount of time will dropped off at Goodwill. Thank you.

In response to the redeeming love of our Lord Jesus Christ, and in obedience to His Commission to make disciples of all nations, Immanuel Lutheran School teams with parents and the church in purposefully shaping the spiritual, intellectual, social, physical, and moral growth of children, within the context of a distinctively God-centered and high quality Christian educational program.

News

Have a great and nutritious summer break. See you all back in August.

Dear Parents:

We're so glad you've signed your child up for an exciting week at Maker Fun Factory VBS. You'll notice that things at Maker Fun Factory are...well, a little different from what you might be used to. Elementary kids will be in mixed-age groups with other children who have finished kindergarten through grade 5. These small groups, called Crews, are led by adults or teenagers who love children and love the Lord. Crews are an important part of Maker Fun Factory! Here's why.

Younger kids are cared for. Maker Fun Factory is carefully designed for multi-age groups of children. That means games are noncompetitive, team-building activities (brilliantly disguised as wildly fun games) in which your child's abilities will shine. In fact, many games are designed to highlight the importance of smaller kids. It's likely that your younger child will be loved, affirmed, and doted upon by his or her older Crew mates.

Older kids shine! Parents are continually surprised that after a few days of VBS, their older children love this newfound role! Suddenly, they're the "cool" big kids with younger children looking up to them. And while your child is helping younger kids with simple tasks like reading and writing, he or she is having the chance to serve and demonstrate Christ's love! It's a meaningful way to discover—and practice—the joy of service.

Bible lessons are more memorable. Since Maker Fun Factory doesn't rely on more traditional teaching methods (like fill-in-the-blank puzzles or word searches), kids *experience* Bible stories in powerful, life-changing ways. And that's something kids of all ages will enjoy...and remember. Then Crew Leaders gather with kids for small-group discussions including questions that apply to every child but may touch each child at a different level.

Millions of children have experienced success with this multi-age "family" approach at Group's VBS. However, the most important factor in making this program a success is your attitude. If your child has doubts, reassure him or her that this is a wonderful opportunity to try something new. Your support will speak volumes to the children we're serving.

Maker Fun Factory VBS Director
